Florida city water system hack ‘puts everyone on notice’ 10th February 2021 Sarah Wray. The public was not in danger, officials say. A criminal investigation is underway after hackers broke into the computer system of the City of Oldsmar’s water treatment plant and tried to remotely raise chemicals to unsafe levels. On Friday, the cyber intruder attempted to add dangerous levels of sodium hydroxide ...

GaWC Research Bulletin 159 - lboro.ac.uk

In terms of geographical scale, world city research engages on three levels of examination: macro level research looking at the global networks and the role of individual cities in them, micro level approaches focusing on processes within global cities, and between them the level of the global city region. For the latter, regional hierarchies of supporting and central functions have been identified, which in ...
