How World of Warships was hacked... | For the Record

Today, we're going to look at how Russians "hacked" the World of Warships (not a hack really, just... well, you'll see). This was posted by a LJ user the_komp (der_komp in the game). First, he started thinking: all the Wargaming projects are started via a launcher, so there is no reason for WoWs to be any different. This launcher transmits a special xml file with the client version, checking against the ...

World of Warships: The Hidden Controls - INN

World of Warships is a very intuitive game to anyone familiar with the recent military war-machine series or a first person shooter; it uses standard WASD controls for movement with the mouse controlling the camera, aiming, and firing. These few simple controls are enough to complete entire matches, particularly in the early tiers. However, being that the player is controlling a naval ship crewed ...
