

On January 9, 2020, IBM announced end-of-market (February 17, 2020) and end-of-service (December 31, 2021) for IBM Talent Assessments. Access to these services will be discontinued effective December 31, 2021. Prior to December 31, 2021, your service will not be interrupted, and you will continue to receive support in accordance with the applicable IBM agreement. For organizations whose current contract term extends past December 31, 2021, an IBM representative will contact you to discuss options and a path forward compliant with your requirements in connection with your applicable IBM agreement. Long-term renewals, including auto-renewals, for these services will not be available. Please contact your IBM representative if you have any questions or concerns, including any immediate, short-term renewal needs.

While we are discontinuing IBM Talent Assessments, IBM is partnering with SHL, a global, market leading assessments provider with 40+ years of experience. SHL now has the ability to provide IBM Kenexa's assessment test materials via SHL's platform. Visit SHL to find out more about their platform and full suite of assessments.
